

## TRAGEDY

### Occurs in Circuit Court Room at Terre Haute

### FUSILLADE OF SHOTS

### Detective Killed and Two Officers Wounded by Desperado

### Affray Culmination of Sensational Arson Trial Convicting McDonald.

Terre Haute, Ind., April 3.—Found guilty of a charge of arson, Henry F. McDonald, in the circuit court room yesterday shot and killed William E. Dwyer, chief of detectives, seriously wounded other officers and was himself seriously wounded. The shooting followed the announcement of the verdict of the jury before which McDonald had been tried on a charge of dynamiting stores and a church in Sanford last year.

When the jury reported its verdict McDonald jumped to his feet and drew a revolver. He fired at Prosecuting Attorney James A. Cooper, Jr., but missed. Mr. Cooper dodged and McDonald directed his fire at the officers seated around the table.

Without an opportunity to defend himself, Detective Dwyer was shot down. Almost in an instant police officers and deputy sheriffs in the court room drew their revolvers and opened fire on McDonald. The convicted man fell with half a dozen bullets in his body.

Harvey V. Jones, superintendent of police, was shot in the side. Deputy Sheriff Ira Wellman sustained a wound in the chin. Sylvester Doyle, city court bailiff, was shot in the leg. Another shot struck a bystander.

The shooting was the climax of a sensational trial which has been bitterly contested. McDonald was known to be a bad man but he had been permitted his liberty during the trial. The police department has been active in the case and several officers were in the court room to hear the verdict.

Officers had expected some demonstration, but they were not expecting such action. When McDonald drew his revolver he aimed at Mr. Cooper. The prosecutor turned his chair backwards. The first shot went wild and the second bullet struck the table at which Mr. Cooper had been seated.

Before Detective Dwyer had time to move, the third shot killed him. By this time the police and deputy sheriffs began firing. McDonald fell to the floor, apparently dying, but later was taken to St. Thomas hospital where it was said he would recover.

The jurors jumped to their feet at the first shot. Judge J. T. Walker, one of the attorneys, tried to stop McDonald, but his action only hampered the officers who were afraid of hitting him when they shot at McDonald.

Judge Crane, who presided throughout the trial, rose from his chair and ran to the rail by the jury. The spectators were being out and confusion was everywhere.

## PRESENT COMMERCIAL POLICIES MUST BE CHANGED SAYS STEVENS

New Haven, Conn., April 3.—John F. Stevens, former Panama canal engineer, returned yesterday from another trip to the isthmus, and repeated his statement that the canal will financially not in other ways prove a failure. He said:

"I said last month I did not believe the canal could be a success—that is, a benevolent commercial success. This country posted in its present tariff regulations commercial policies and general sympathy toward foreign trade."

"By our commercial policies I mean our policy of making use of ships that sail under a foreign flag when we ship water. The whole question is all right this ship subsidy question that we are so much about."

fusion was everywhere. Persons in the offices below heard the shots, 25 or 30 in number, rushed to the upper floor and they collided with the people leaving the room. A crowd of about 1,000 collected around the building in a few minutes and the police had to be called to prevent the angry people from forcing their way into the court house. Everyone about the room was dazed by the tragedy.

Some of the persons said McDonald's brother had a revolver and also fired with the brother. The officers are looking for the brother.

Events which culminated so tragically had their origin in the dynamiting outrages which destroyed the Methodist church and the general stores of Shickel and Johnson and J. W. Reese of Sanford on the night of February 21, 1907. Henry F. McDonald and James Scanlon were arrested the next day charged with the crime. In a former trial the jury stood 11 for conviction. Scanlon has not been tried.

Wm. E. Dwyer, the dead man, was chief of the Terre Haute detective bureau. He was well known throughout the country and had worked on several big cases. He was active in getting evidence which convicted McDonald.

### LEUCODERMA PATIENT DEAD.

Canton, O., April 2.—Eugene Crawford, a negro who turned white from the result of leucoderma, a rare disease, died today as the result of the disease.

## MAY SOON MAKE ARREST

### CLEVELAND OFFICIALS HAVE SUSPICIONS IN MURDER MYSTERY.

The Coroner's Inquest Being Held in Zeichmann-Bernthal Case—Witnesses on Stand.

Cleveland, O., April 3.—An arrest is near in the Zeichmann-Bernthal murder mystery, officials say. Coroner Burke, Assistant Prosecutor Carey, Deputy Coroner McNeil and Rev. Marion Gerrard, brother-in-law of the dead woman, unite in their suspicions.

Evidence against the one person is still insufficient to warrant an arrest. The officials are bending every effort to get more evidence. The coroner's inquest continued Friday morning. Mrs. Gerrard and others were on the stand.

## AGED WOMAN BURNS TO DEATH

Providence, R. I., April 3.—A fondness for tobacco proved the death of seventy-year-old Mrs. Margaret Harrop. While smoking her favorite clay pipe Wednesday her clothing caught fire and she was so badly burned that she died last night at the Rhode Island hospital. Mrs. Harrop attributed the excellent health she enjoyed in her old age to her custom of pipe smoking.

## MAYOR TOM'S FRIENDS CONTROL

Akron, O., April 2.—Mayor Johnson's friends control the Summit county Democratic convention which met this afternoon. The convention will select a Johnson delegation to the state convention, endorse Pomeroy of Canton for governor and Wm. Bryan for president.

## PRESENT COMMERCIAL POLICIES MUST BE CHANGED SAYS STEVENS

but about which so little is done. The Panama canal in my opinion, will be of the greatest benefit in the ordinary course of events to that country that has the largest merchant service."

Mr. Stevens made mention of the improved conditions in the canal zone and said the workmen, engineers and soldiers universally found the district a healthy one. He thought the work done by the French company before the Americans were on the spot was the best as far as it went, and took exception to some of the estimates which have been made on the ultimate cost of the canal. Some of these, he said, have run up as high as \$500,000,000. He did not think the whole project should cost the government more than \$250,000,000.

## STRIKE

### Indulged in by University Students of New York

### TROUBLE OVER HAZING

### Faculty Meets With Committee of the Seniors

### Five Hundred Students Take Part in the Demonstration.

New York, April 3.—New York University students, who went "on strike" Thursday as a result of the temporary suspension by the faculty of Albert Young, the president of the junior students' class, following investigation of the ducking in the college "horse trough" of Harry Bloch, a freshman, were notified officially by the faculty's committee on discipline that the body of students must return first to their classes as a preliminary to a complete adjustment of the present difficulty.

The faculty of the university met a committee of five of the senior students this afternoon, and went over the trouble growing out of young Bloch's hazing. Before the meeting took place the entire student body had gone on strike. The students were parading about the university and things were getting so serious that the faculty took steps to put a stop to the excitement.

Means were found to temporarily halt the students' parade and Armour K. Payson, secretary of the Y. M. C. A. addressed them. Mr. Payson urged the students not to resort to "mob law" in making a demonstration against the university or the faculty, and the parade was broken up.

Tonight Harry Bloch issued a statement through counsel in which he admitted that he had been wrong. He added that he was willing to submit to any further correction that the student cabinet might deem wise to administer.

This statement served somewhat to clear the atmosphere, though there is some doubt as to what the students will do today. The class rooms were empty yesterday.

The violation of unwritten student law charged against Bloch are summarized as follows:

1.—Would not rub down the members of the "varsity" teams, as good freshmen are supposed to do.

2.—Wore violet colored ties same being the college colors and a privilege no freshman is allowed.

3.—Sat on the steps of the library, where no "freshies" are supposed to rest.

A mass meeting ordered him to leave. Then a delegate for the upper classes led Bloch to the horse trough, which figures in the regular fallowen duckings each year. Bloch went most unwillingly, but completely. Five hundred students roared applause, and Bloch roared his displeasure. Then the university authorities took a hand.

## MITCHELL CALLS ON PRESIDENT

Washington, April 3.—John Mitchell, former head of the mine workers, called on the President today. He stated that organized labor will support the presidential candidate who stands for measures friendly to labor, without questions as to the candidate's political affiliations.

"In the choice of that candidate," Mitchell said, "instructions of the American Federation of Labor will be followed and likewise their instructions are to exact the part organized labor shall play in the congressional campaign."

## WILL PUT MEN TO WORK

Buffalo, N. Y., April 3.—The Lackawanna Steel company will put 2,000 more men to work Monday morning. This will bring the company's force up to about 4,500. This is the first permanent re-opening of the mills since the shut down last fall.

## NOMINATIONS NOW BEFORE THE SENATE

WASHINGTON, April 3.—President Roosevelt sent to the Senate the nomination of Dr. David Jayne Hill as ambassador to Berlin, to succeed Mr. Chauliagnie Tower, whose resignation took effect June 1. At the same time the President named Arthur M. Beaupre, a Republican, to be minister to the Netherlands and Luxembourg, and Spencer F. Eddy of Illinois, now secretary to the Berlin embassy, to be minister to the Argentine Republic. It is believed that the nominations will be acted upon without delay by the Senate.

## WEALTHY LUMBERMEN

### WHO WERE SENTENCED TO JAIL AT TOLEDO ESCAPE WITH FINES.

All Had Pledged Guilty and It is Hardly Probable They Will Appeal Cases.

Toledo, O., April 3.—Twenty lumbermen, representing the wealthiest lumber corporations in the city, who were sentenced to jail by Judge Morris for violation of the Valentine law, escaped with fines today.

Judge Kummer, who was appointed to the common pleas bench by Governor Harris, took the cases after they had been sent back from the circuit court and ignoring the fact that Judge Morris had already imposed a jail sentence of six months, fined them amounts ranging from \$50 to \$1,000 and costs. They will not appeal to the supreme court. All had pleaded guilty.

## ANOTHER BIG SKY SCRAPER FOR NEW YORK

New York, April 3.—New York is to have another new 36-story skyscraper. Plans for the enormous structure which will be erected for the Century Investing company and the Battery Realty company were filed today with the building department.

This latest skyscraper will stand near Battery Place and will considerably change the "sky line" along the southern limit of Manhattan. Like the other very tall buildings recently erected it will have a huge tower, 95 1-2 by 40 feet, rising to a height of 146 feet. The building will cost \$1,000,000.

## SUICIDE

CAUSED BY THE DEATH OF PET POODLE AT MILLVILLE, N. J. TODAY.

Woman Drowns Self in a Mill Pond—Could Not Be Comforted for Loss of Dog.

Millville, N. J., April 3.—Grief because of the killing of her pet dog under the wheels of a railway train today caused Mrs. Hannah Willis to take her own life. Mrs. Willis was a witness to the accident to her pet and the sight overcame her. She called constantly for the dog and could not be comforted.

When Mr. Willis arose today he found his wife gone. He called neighbors and they traced her to a mill pond half a mile away where she had drowned herself.

## STRIKE CALLED.

Rome, April 3.—A general strike has been called in retaliation for yesterday's attack by the troops on an anarchist funeral in which two men were killed and a number of others wounded. Labor leaders say the soldiers opened fire wholly without provocation.

## LITTLE BABY BADLY BURNED

### SECURES KEY TO THE GASOLINE TANK AND TURNS FLUID ONTO THE FLOOR.

Mother's Hands Badly Burned in an Attempt to Smother the Flames and Save Daughter.

Mary, the little fourteen months old daughter of Mr. Lee J. Dumm, a well known rural mail carrier, residing at 181 Orchard street, in the Franklin addition, was horribly and beyond doubt fatally burned at the home Friday morning. Shortly after 8 o'clock Mrs. Dumm went out into the yard to get a bucket of water, leaving the infant and her seven-year-old sister, Grace, in the house.

During her absence little Mary got hold of the key controlling the flow of gasoline from the tank over a gasoline stove. In some way she managed to turn it, causing all the gasoline in the tank to run out. Grace, the eldest child, attempted to light the fire in the stove, when there was an explosion and the room was enveloped in flames, setting fire to the clothes of little Mary. Grace managed to find her way out of the house and ran screaming into the yard. When Mrs. Dumm ran into the house she found her little baby enveloped in a wreath of fire and writhing on the floor, and in attempting to extinguish the fire Mrs. Dumm had her hands badly burned.

The child's clothing was entirely burned from her body and she was horribly burned about the head, face and body. Dr. Barker was hastily summoned and found the child in horrible shape. The flesh on parts of the body was burned almost to a crisp, and it will be a miracle if it recovers. Dr. Barker and Dr. McCune did all they possibly could to relieve the sufferings of the little one, and as a last resort, Mr. Oren Ingman, of the postoffice, who has the reputation of being a most successful fire blower, was called in, and Mr. Dumm says that soon after he began working with her she quieted down, and apparently was greatly relieved. The parents have the sympathy of all their friends.

## BIG BLAZE AT PEORIA

Peoria, Ill., April 3.—Fire this morning destroyed the big building of the Corning & Co. distillery and adjoining elevator and spread to the homes of workmen, causing a total loss of \$750,000.

## HOUSE VOTES TO RECESS APRIL 11 AND TO ADJOURN SINE DIE TEN DAYS LATER

## REPORTED COLUMBIAN INVASION

Panama, April 3.—A government conference is in progress relative to the reported Columbian invasion of Panama and seizure of Panamanian frontier town of Vurado. It is expected that an expedition will be sent immediately to the frontier to investigate conditions there, but no other definite action will be taken except upon advice from Washington.

The reported invasion is generally discredited. An age of 120 years was not at all unusual in Biblical days for men to attain in full possession of their faculties before they were gathered into their fathers.

## BOB WILL BE THERE

### ADMIRAL EVANS SAYS HE WILL BE ON CONNECTICUT'S BRIDGE

When They Plow Through the Golden Gate—Feels Much Better

Paso Robles, Cal., April 3.—"I will be on the bridge of the Connecticut when they plow through the Golden Gate. I have made up my mind to recover my health and resume command of the fleet, and I will do it or die in the attempt." That is what Admiral "Fighting Bob" Evans said today when asked how he felt after his first treatment here. He stood the sulphur baths well and declares he feels much better.

When they plow through the Golden Gate—Feels Much Better

## TOLEDO BANK CLOSES DOORS

Toledo, April 3.—The Broadway Savings bank, a small institution with deposits amounting to \$200,000, closed its doors on Thursday. A deed of assignment was filed by the bank's attorneys. William Beatty was named as assignee. The attorneys claim that the suspension was due to the inability of the bank to convert its securities into cash.

## BIG BLAZE AT PEORIA

Peoria, Ill., April 3.—Fire this morning destroyed the big building of the Corning & Co. distillery and adjoining elevator and spread to the homes of workmen, causing a total loss of \$750,000.

## HOUSE VOTES TO RECESS APRIL 11 AND TO ADJOURN SINE DIE TEN DAYS LATER

## REPORTED COLUMBIAN INVASION

Panama, April 3.—A government conference is in progress relative to the reported Columbian invasion of Panama and seizure of Panamanian frontier town of Vurado. It is expected that an expedition will be sent immediately to the frontier to investigate conditions there, but no other definite action will be taken except upon advice from Washington.

The reported invasion is generally discredited. An age of 120 years was not at all unusual in Biblical days for men to attain in full possession of their faculties before they were gathered into their fathers.

## COLE

### Will Try to Force Another Sine Die Adjournment

### DEADLOCK CONTINUES

### Eighth District Republicans Cannot Agree on Candidate

### Party Leaders Endorsed and Senators Foraker and Dick Ignored.

Kenton, O., April 3.—When recess was taken for lunch today, the Eighth district Republican Congressional convention was still deadlocked. Unless a nomination is made soon the Cole forces will probably try to force another sine die adjournment with the provision that district primaries select the candidate. The convention today adopted resolutions praising Roosevelt, Taft and Harris but ignoring Foraker and Dick completely.

The 356th ballot stood Jewell 31, Cole 41, Willis 38, Miller 37, Hoopes 28, and ex-Mayor W. R. Wilson of Urbana, Champaign county, 35.

## TORPEDO BOAT GOES DOWN

WAS CUT SQUARELY IN TWO BY THE CRUISER BERWICK OFF ISLE OF WIGHT.

Thirty-Six Were Drowned and Number Were Rescued from the Waves.

Plymouth, England, April 3.—To officers misjudgment of distance was due the loss of the torpedo boat destroyer, Tiger, with 33 of her crew, in a collision with the cruiser Berwick, during last night's British naval maneuvers off the Isle of Wight.

The first wireless report of the accident placed the number of drowned at 23 with 21 dragged from the sea, of whom one subsequently died of injuries sustained in a crash. The official report followed, increasing the number of drowned to 36. Four more men were rescued later however, after an all-night struggle in the waves. The list finally stands, drowned 32, died of injuries 1, survivors 25. The cruiser cut the lighter torpedo boat squarely in two and the severed halves of steel destroyed went down like stone.

Money has become so tight at Newchwang, China, that prices have risen 30 per cent.

## HOUSE VOTES TO RECESS APRIL 11 AND TO ADJOURN SINE DIE TEN DAYS LATER

## REPORTED COLUMBIAN INVASION

Panama, April 3.—A government conference is in progress relative to the reported Columbian invasion of Panama and seizure of Panamanian frontier town of Vurado. It is expected that an expedition will be sent immediately to the frontier to investigate conditions there, but no other definite action will be taken except upon advice from Washington.

The reported invasion is generally discredited. An age of 120 years was not at all unusual in Biblical days for men to attain in full possession of their faculties before they were gathered into their fathers.

It was predicted in the Senate yesterday that that body would extend the date to practical adjournment to April 25, and that the two houses would finally compromise on April 24 for the cessation of legislative work. Several days would be given over thereafter to the printing of enrolled bills and the latter part of April would see final adjournment. Deadlock between the Senate and the House on the initiative and referendum will be the report of the conference committee. The House part of the committee, Little of Green, Shuler of Montgomery, and Stephenson of Brown, appointed by Speaker Eagleson yesterday afternoon, opposed the initiative and referendum all the way through the House. The Senate members, Howe, Hafner and Duvall, are strong friends of the measure. It is predicted that not a members on either side will yield. This would leave matters as they are now—the Senate friendly to one form of direct legislation and the House favorable to another. A second conference committee probably will follow the deadlock. Herbert S. Bigelow and other representatives of the Direct Legislation League called "politicians" when the House appointments were announced. Bigelow issued a statement declaring the league would throw down the gauntlet and make the initiative and referendum the issue against the Republicans in the fall campaign.

# BUCKEYE LAKE ARCADE DESTROYED BY FIRE

## Midnight Flames Reduce Structure Which Was Being Completed to Ashes

### High Winds and No Water Connections Made Fire Fighting a Difficult Task---Will be Rebuilt at Once.

The new arcade at Buckeye Lake park, which was just being completed at a cost of several thousand dollars, was totally destroyed by fire Monday night at midnight. The total loss is estimated at \$10,000. Work of rebuilding the structure was commenced Friday morning early, and the management has announced that the new structure will be completed by the date formerly set for the park opening, which is April 26.

No idea as to the origin of the fire exists.

The discovery was made at about 12 o'clock when somebody gave the alarm, arousing the attaches of the park. At that hour the entire upper section of the structure was ablaze. Everyone about the park grounds hurried to fight the flames, and as the water connections had not yet been made, a bucket brigade did all in its power to quell the flames, but to no avail.

The greatest effort was required to save the lunch room. The wind, which was blowing at a swift rate, came from the northwest, carrying the sparks and flames in the direction of the lunch room and the park boat house.

A special car was sent from this city to the lake at 12:20 a. m. bringing a number of the park employees from Newark and Hebron. These men joined in fighting the fire which continued until about 4 o'clock Friday morning. The blaze lasted all night, and men were kept on guard during the entire time.

The new arcade was very near to completion. It was constructed on the site of the "farm house," or one-time hotel. The second floor of the hotel was preserved in the construction, and raised to form the second floor of the arcade, and contained rooms for the offices and general compartments of the management and employees.

The lower portion of the new building was to have been a series of neatly arranged candy and refreshment stands.

Aside from about \$1,000 worth of new lumber and material, which was being kept in the shelter of the building, to be used in completing it, the loss includes several hundred dollars worth of wiring, finishing material, all the bedding and bedroom suites, the entire stock of linen for the use of the dining and lunch room, and a large amount of fishers' supplies. The records of the park business for the last six years, were destroyed in the conflagration.

The high wind of Thursday night caused the fire to travel with lightning speed, and had it come from another direction would have doubtless

destroyed the entire group of park buildings, including the big dancing pavilion, and the long row of concessions north of the structure.

A particularly unfortunate affair was the fact that the water connections had not been made, but this was to have been done by Saturday, when the management would have commenced the occupation of the new building.

A complete set of new office fixtures, costing in the neighborhood of \$300, was to have been removed to the structure from the Hebron freight house Thursday, but, owing to the failure of the paper hangers to arrive the new office outfit was left in Hebron.

The local offices know nothing of the Buckeye Lake transactions, as this is all cared for at the same office of the Ohio Electric Railway company in Cincinnati. The matter of insurance is also cared for in Cincinnati, and while it is known that the park buildings in general were well insured, it is not known here what proportion of the loss on the arcade was covered by the insurance against fire.

## COMPLIMENTS

Paid Prof. Walter W. Flora Adjutant at Winona by Warsaw Newspaper.

Warsaw was well represented in the Winona and Warsaw annual contest which was held in the Methodist church last evening. Among those who received prizes were the Misses Ethel and Lora Dickey, duet; Elaine B. Funk, tenor solo; Floyd Stevens, bass solo; Miss Ethel Dickey, contralto solo; Miss Margaret Owens, the young daughter of Prof. H. W. Owens of Chicago, received the piano solo prize.

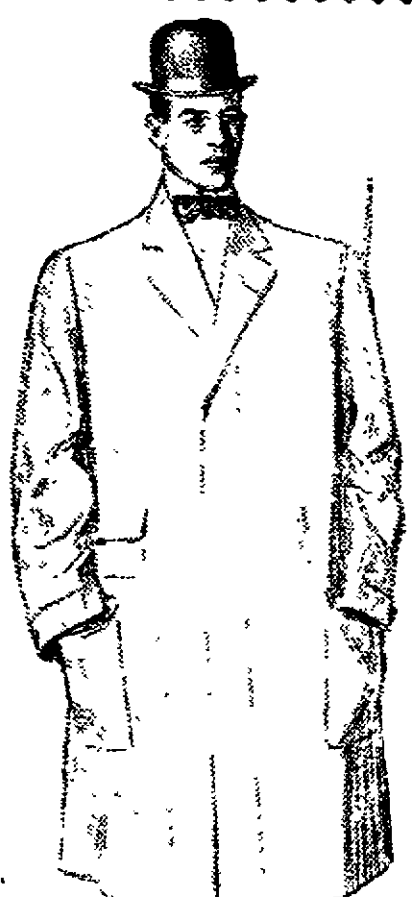

The East Warsaw Male quartet won the male quartet prize. The adjudicator, Prof. Walter W. Flora, of Newark, Ohio, was pleasing and efficient. His criticisms were given in a kindly manner that won instant favor with the audience and contestants.

Stops earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscleache, two hours; sore throat, twelve hours—Dr. Thomas' Electric Oil, monarch over pain.

# Our Great Annual April Sale STARTS TOMORROW

## With a Brilliant Array of the Finest of Wear Things, Supreme in Quality, Style and Value

Now comes the ideal style period. The new, the exclusive, the tasteful and refined are assembled here with scrupulous care.

Every lady can be suited here in her spring costume and accessories, however critical her taste may be.

For all are here in the widest and most attractive assortments ever presented. And again we illustrate through alert, wide awake buying and underpricing of these fresh and beautiful arrivals, the matchless economies and supreme value-giving of this store.

It is always a wise plan to make your selections early, while everything is in fresh bloom and blossom of spring attire.

## Easter Shirt Waists, Correct Styles

Such a gathering of beautiful shirtwaists for women and misses have never been shown before. Scores of different styles you can't find elsewhere. Dressy Lingerie Waists, Smart Tailored Waists, Beautiful Silk Waists, Exquisite Net and Lace Waists—in fact, a great variety of stunning effects for every occasion, including some very elaborate creations. All at special Easter sale prices.

### BEAUTIFUL LAWN WAISTS, \$1.25.

Made of French Lawns of excellent quality, in the beautiful new spring styles; elegantly trimmed with tucks and embroidered fronts, lace edges and insertions.

Easter Sale Price ..... \$1.25

### TAFFETA SILK WAISTS—\$3.95

Beautiful new creations in black and colors; trimmed and plain tailored effects; daintily made from good quality of silk.

Easter Sale Price ..... \$3.95

### EXQUISITE NET WAISTS—\$5.00

The Ideal Waist for Easter-wear—handsome and inexpensive; quality, and style considered. At this price we place on sale a beautiful line in White and Ecru Net Waists in a great variety of new spring styles—embroidering the very latest ideas in trimmings.

Easter Sale Price ..... \$5.00

## Easter Sale Muslin Underwear

Beginning tomorrow we will place on sale our entire stock of muslin underwear at prices far below the regular selling. The prices quoted below are a few of the many exceptional values offered. The saving is extraordinary.

### CORSET COVERS

Made of finest nainsook and cambric, trimmed elaborately with rows of lace and insertions, lace and embroidery/beading with rows of colored baby ribbon—about 50 different styles to choose from—39c and 75c values—at ..... 25c and 47c

A wonderful display of Ladies' Muslin Gowns, made of finest materials, high or V-shaped neck, front and back trimmed with lace and embroidery insertions, beadings and ribbons. Most any style or kind that you would want in this vast assortment.

Priced from ..... 50c to \$3.95

Ladies' Drawers we show in a complete assortment of all styles and sizes, from the plain umbrella ruffle style to the most elaborate lace and embroidery trimmed. A collection well worth your inspection.

Very special values from ..... 25c to \$1.00

### LADIES' MUSLIN SKIRTS.

Our showing of Ladies' White Muslin Skirts is now complete in every detail and comprises everything that is new, from the plain hemstitched ruffle effect to the more elaborate lace and embroidery trimmed. Extra values at ..... 75c, 98c and \$1.45

## New Dainty Wash Fabrics

We feel justified in experiencing a wave of satisfaction when you view the complete gathering of dainty novelties in the wash goods section. Not a favored style has been overlooked. To assure you it is far more complete than any previous season should guarantee enough of its coming popularity.

## The New Easter Gloves

Our showing of Kid, Silk and Lisle Gloves for Easter will be on display Saturday at very special prices.

One lot of Short Lace Gloves, in black and all colors—50c values—Saturday at ..... 25c

We now have a full line of sizes in Short Silk Gloves, in black, white and colors—at 50c

# NERVOUS DEBILITY

Mrs. Elmina Seip, Allen-town, Pa., 75 years old, was subject to weak spells until she was cured by DUFFY'S PURE MALT WHISKEY.

Mrs. Seip has just written the Duffy Malt Whiskey Co. as follows:

"I am 75 years old and was subject to weak spells, and when they would attack me I did not know what to do, so I sent for a bottle of DUFFY'S PURE MALT WHISKEY, and after I used your medicine a while I felt a change for the better. I have used it constantly as prescribed, and now I am healthy and strong."

"I have used many medicines, but never saw such a change or felt such a change as I did when I used DUFFY'S PURE MALT WHISKEY."—MRS. ELMINA SEIP, 715 Liberty St., Allen-town, Pa.

Thousands of unsolicited letters of gratitude like this of Mrs. Seip are received from grateful patients who are anxious to extol the merits of this great life-saver—DUFFY'S PURE MALT WHISKEY.

## Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

# LARGE APPLE TREE

MEASURES NEARLY TWENTY-TWO FEET IN CIRCUMFERENCE AT BASE.

Has Always Been a Fruit Bearer and is Thought to be Nearly a Century Old.

Mr. John Myers, living about four miles south of the city on the Jacksontown road, lays claim to one of the oldest and largest apple trees in the state. The tree measures at the base 21 feet and 10 inches in circumference, and 13 feet and 10 inches at a point about two feet from the ground or where you would begin to saw it you were to cut it down. It measures 16 feet 10 inches in circumference at the point where it begins to branch, and the distance across from the longest limb to limb, is 63 feet. The tree has always borne fruit since Mr. Myers purchased the farm, six years ago, and was the only tree that bore any fruit last year. The fruit is large and of a green color, and is a fine cooker, but is extremely sour.

Mr. Myers says that the tree must be in the neighborhood of 100 years old, as six years ago he cut a tree standing in another orchard, near the one in which this tree stands, which had 83 circles around the heart, indicating the tree was 83 years old when cut. The tree standing is a much larger tree and in all probability was planted several years before the other tree.

Mr. Myers is well known in this city, having been employed at one time in one of the machine shops, but owing to ill health was compelled to move his family to the country, where he has lived the past six years, having purchased the farm known as the old Black farm.

Too Bad! But a great many people suffer from colds that they do not have to, for Ajax Cold Cure will cure them in 24 hours and no bad effects either—you can get Ajax at any drug store.

# OBITUARY

**ALBERT W. ROSEBRAUGH.**  
The funeral of the late Albert W. Rosebraugh, whose death occurred on Wednesday, took place at the late home, 278 North Buena Vista street, East Newark, at 2:30 Friday afternoon. The service was conducted by the Rev. Lewis P. Franklin, and was under the auspices of Acme lodge No. 534, F. & A. M. St. Luke's Commandery, No. 34, Knights Templar, acted as escort. Interment took place at Cedar Hill cemetery.

**MARY JANE HARRIS.**  
Mary Jane Harris, who did not know her own age, but is believed to be a centenarian, died here at the home of her daughter, Mrs. J. B. Berry, 14 Baker street, after a short illness. Death occurred at 2:30 Thursday afternoon. The funeral will take place at the A. M. E. church Sunday at 2 o'clock. Interment in Cedar Hill cemetery.

The husband, William H. Harris, one son, Charles W. Coffman of Zanesville, and two daughters, Mrs. Mary McCoy, of Zanesville and Mrs. Berry of this city remain.

**MRS. JOHN GRADY.**  
Word has been received here that Mrs. John Grady of Delaware, died this morning at 9 o'clock, after a lingering illness of three months from stomach trouble. The deceased is survived by her husband and son, Frank, daughter, Mayme, and two brothers, Edward Hickey of Clay Lick, and Thomas Hickey of Chicago.

The deceased has many friends in Newark, who will be sorry to hear of her death. The funeral arrangements have not been made known.

## CURES ECZEMA QUICKLY

New Drug Posham, Now Obtainable in Small Quantities.

Since its discovery one year ago, the new drug, posham, has successfully cured thousands of chronic cases of eczema and other distressing skin affections. Heretofore posham has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this and in response to urgent appeals, the dispensers of posham have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at Frank D. Hall's and other leading drug stores in Newark, or may be ordered direct from the Emergency Laboratories, No. 32 West 25th street, New York City. In all eczema cases posham stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

## TIFFIN MURDERER CAPTURED TODAY

Findlay, O., April 3—"Butch" Huffman, who shot and killed Policeman Sweeney at Tiffin last week when he was discovered burglarizing a store, was made a prisoner in a Toledo and Ohio Central freight car today and taken to Cuyahoga, where he was turned over to Marshal Flood. Huffman will be taken back to Tiffin at once.

## DIVORCE HEARING TAKEN SECRETLY

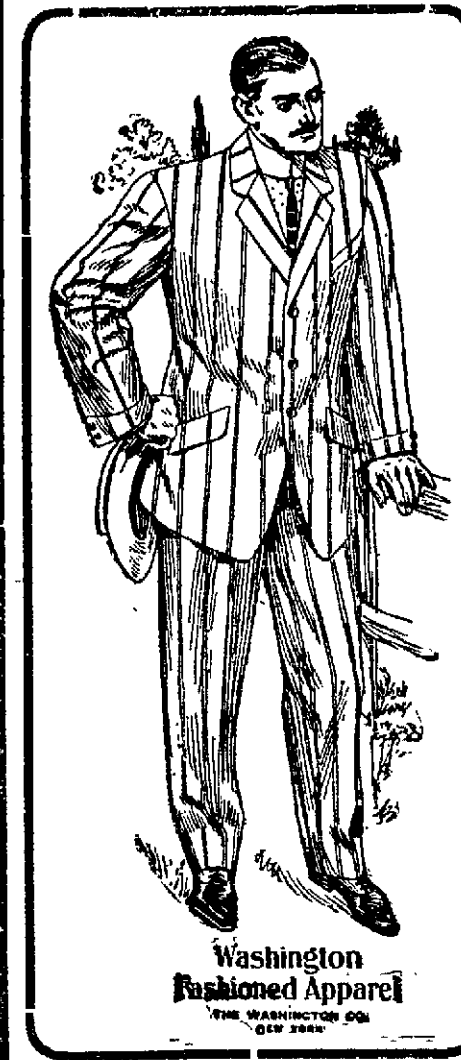

New York, April 3—Hearings in the divorce brought by Mrs. Alfred Gwynn Vanderbilt are being given today before Referee David McClure. Owing to the secrecy observed in taking testimony, little regarding the accusations against the young millionaire is likely to become public.

## AMUSEMENTS

**ORPHUM THEATER.**  
Tonight is the big night at the Orphum, for all the Newark ball players will be in attendance to see the show and to enjoy the amateurs. Good seats can be secured by the people who wish to see the new members of the Molders and who haven't had a chance yet.

Thelma Burke, the little seven-year-old ingenue from Elkhart, Ind., who has been brought to Newark for the two performances tonight, will be the headliner among the amateurs. The Apollo quartet, a local organization, will also compete for honors. Clyde Brooks, the favorite of the children, will also be one of the features. Besides the amateurs the regular show will be given, and as it is an entertainment above the average the audience tonight will undoubtedly be large.

# Custom Garments READY-TO-WEAR

BECAUSE our Suits are ready for service when you buy them does not take one bit from their quality, style or fit.

The fact is, we offer you a far greater range of patterns than the average custom tailor, because the merchant tailors, whose products we sell, control in many cases the entire product of many mills, enabling us to offer patterns and weaves that cannot be duplicated in any other store in the city.

Think this over when you are ready to buy your Spring Suit and let us have the pleasure of exhibiting our Spring Line. No delay—the suit you want is here.

## Prices, Spring Models

\$10, \$12.50, \$15, \$18 to \$35

# Meridith Brothers

## OIL & GAS NOTES

The Bremen Oil and Gas company, after being in operation eight months declared a 50 per cent dividend.

At Mt. Vernon last Wednesday a jury gave the Childs company a verdict against the Clark Oil and Gas company for \$2,092.50.

The Heisey company got a dry hole in No. 2 on the Sol Smith farm west of Granville, and is now preparing to drill No. 3 only 1000 feet west of it.

Julius Rogers of Mt. Vernon began duty Tuesday night as chief engineer at the Homer pump station. Wm. Gregory will be his chief machinist.

W. C. Towns, retiring chief engineer of the Homer pump station, was presented with a gold watch and fob by the employees of the station last week.

The Amanda Oil and Gas company drilled one dry hole, then surrendered its leases. After paying bills, the company decided to invest that in \$800 remained in the treasury and stock of two other oil companies.

The Mutual Association of farmers in the vicinity of Mt. Perry planned to test their territory and bunched 9000 acres into their association. Last week it was reported that Columbus Gas and Fuel company had bought the leases of the 9000 acres and intended sinking test wells.

In the case of Contractor Scott vs. the Fredericktown Oil and Gas company, for \$880 for cleaning out a well

the jury Tuesday returned a verdict in his favor for \$400.

One of the oldest wells in this field, on the Harrison farm west of Brandon, is being cleaned out after about seven years of use by the Columbus Gas and Fuel company. When the gas field was first opened, four wells were drilled on the Harrison farm. No. 1 had a volume of three million; No. 2 half a million; No. 3 seven million; No. 4 three million.

The Buckeye State company failed to secure compromise terms from David Elliott on his lease, and it has paid for another year at the contract price of \$3,500, which figures \$7.60 per acre. The company has four wells on the Elliott lease, all good ones.

Some excitement prevails about the L. M. Shipley oil well near Appleton. The well was drilled in about three years ago and produced gas for about a year and a half. Last year the well was abandoned and plugged. During the last few days quite a bit of oil has been discovered on the surface, which is supposed to have come from the bottom. The oil is very heavy and black.

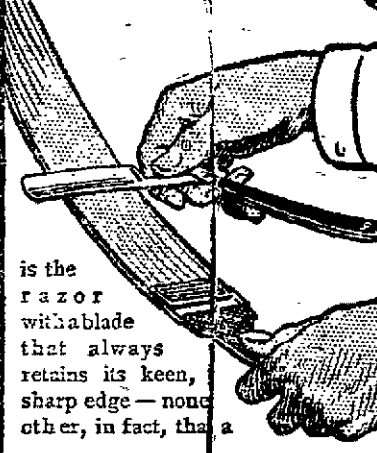

## OBSTINATE SKIN DISEASES.

The kinds which linger, humiliate and disfigure; the kind that itch and burn incessantly, whether on face, head or body are at once relieved and cured by Dr. Hale's Household Ointment. Get it at City Drug Store, 250.

# HOW HE HAS MADE A SUCCESS

L. T. Cooper Tells Chicago Reporter Why He Accomplishes So Much.

No man in recent years has been more successful in restoring human health than L. T. Cooper. During his stay in Chicago, and while he was meeting thousands of people daily, he gave the following reason for the remarkable demand for his medicine to a reporter:

Mr. Cooper said: "My New Discovery is successful because it corrects the stomach. My theory is that few can be sick if the digestive apparatus is working properly. It naturally follows that few can be well with a poor digestion."

"I know from experience that most of the tired, half-sick people that are so common now-a-days have half-sick stomachs. Put the stomach in shape, and nature does the rest. The result is general good health. My medicine does this. That is why fifty thousand people here in Chicago are using it, who never heard of me until a month ago."

Among the fifty thousand mentioned by Mr. Cooper who need his medicine in Chicago is Mrs. Hilda Pfueger, living at 1203 Alsie Avenue. This is the statement she makes concerning her experience with the medicine:

"I have been sick for six years with stomach trouble. I was always humiliated because I did not dare to eat much, as I had severe pains in my stomach, and also through my body. I could not sleep at night and was very restless. I was also very nervous, and would have severe headaches. I was constipated, and always felt bloated after eating."

"I had tried many remedies, but could secure no relief, until one day I noticed in the newspapers what wonderful results Cooper's medicines were accomplishing in Chicago. I decided to try them, and shortly after commencing the treatment I began to feel better. I did not have those severe pains in my stomach, and I could sleep at night; my appetite improved, and I can now eat well. I am feeling like a new woman."

"I am very thankful to Mr. Cooper for what his remedies have done for me. They have restored me to good health, and I would advise any one who suffers as I did to try them."

We sell the Cooper medicines. They are easily the most celebrated preparations ever introduced in this country, growing in popularity daily. City Drug Store.

## Wall Paper Talk No. 29

### Hues, Tints, Tones, Etc.

We speak of hue, possibly without knowing just to what scale in the color line it belongs. Hue is the change produced in a color by the addition of another color, although the original must always be in the ascendancy.

Shade is the tone of color produced by the addition of black.

Tint is the tone of color produced by the addition of white.

Tones are the gradations in a color produced by adding either black or white.

It is easy to understand that orange is a mixture of red and yellow, but it's not so easy to know what russet is or what slate is, and still more difficult to analyze plum, sage and olive, but once understanding that plum is a combination of one part russet and one-half part sage, and that russet is half violet and half orange, etc., it's easy to arrange any kind of harmonious either of related or contrasting colors.

Let us illustrate these colors to you.

Yours for correct wall coverings,

The A. L. Norton Co.

## EDITOR OHIO STATE JOURNAL

Speaks Here Sunday—Strong Musical Program—All Men Are Invited to Meeting.

If you read the Ohio State Journal, you know Col. E. S. Wilson, the versatile and able editor. You may not have known his name, but everybody who reads the paper knows that his editorials are among the best to be found any where.

Col. Wilson will be the next speaker at the Y. M. C. A. Sunday afternoon. A strong program is announced including the popular Ladies' Lyric quartet and a violin, flute and piano trio, by Prof. and Mrs. O. H. See and Mr. K. I. Dickerson. All men are invited.

#### LOST.

An opportunity will be lost if you fail to try "Bentley's White Lily Catarrh Cure." It has cured the rest, now try the best. 25c. All drug stores.

Reception to New Members.

The Epworth League of the First M. E. church will give a reception to the new members this evening. An invitation to all members and friends is extended.

Double Ox Team attracts Attention.

Mr. Snider of the Snider-Flaunt Lumber company of Somerset, arrived in Newark Friday morning hauling a load of feed on a wagon pulled by a double yoke of oxen. The animals attracted considerable attention. One yoke pure white, while the other is spotted with light spots on

heads and shoulders. The company uses them in hauling timber.

#### Boony Meeting.

There will be a meeting of the board of directors of the Licking County Agricultural Society Saturday morning in their rooms in the Lansing block.

#### Will Assist Choir.

Mr. Ed. Nehls of Strathmore college is home for the Easter vacation. This popular collegiate, who is a vocalist, is a member of the Strathmore College Glee club, and will assist the vested choir of Trinity church in the production of its Passion music, "The Story of the Cross," next Sunday evening, as first tenor in the male quartet.

#### Should be a Winner.

The Newark Warehouse and Storage company, which has been handling the business of the Pittsburgh-Washburn Flour Mills company at this point, have purchased the stock of flour that the mills carry here, and with Mr. E. W. Maurath as manager, will in future carry a full line of flour and feed that this famous mill makes, and solicit the trade here and in nearby towns regularly for business. In view of the past good service rendered by Mr. Maurath's company and with the goods that the mill makes, this new business should be a winner.

#### Damage Was Slight.

About 9:30 o'clock Friday morning the Central fire company was called to the corner of Second and Canal streets. The roof of the small building, rear of Benner's grocery had caught fire from a spark, but fortunately it was discovered in its incipient stage and extinguished with a bucket of water. The damage can be repaired with several new shingles. At the time the alarm sounded the driver of the truck was exercising the horses in front of the Powers-Miller store on Church street, but managed

to get to the scene a few seconds after the hose cart.

#### Change of Residence.

Mrs. Phoebe Carnal and daughters are moving today from Tenth street to Church street, between Fifth and Sixth streets.

#### West Main Paving.

Contractor John C. Brennan said Friday that work on the West Main street paving will probably start on Monday, April 6.

#### Electric Railway Surgeons.

Drs. Barnes and Shirer, the B. & O. surgeons, have been appointed surgeons for the Ohio Electric Railway company. This will include the city, Granville and Interurban lines.

#### Saturday Flyer No. 4.

Set of teaspoons, finest white metal, six in set, only 8 cents. Sales limited to one dozen to a customer. New styles of spring suits are in. The Brilliant Co., Newark's only Credit Dept. Store. Home Furnisher. Family Clothier, 36 South Third street.

#### Colder Than Any March Day.

Friday was said to be colder than any March day here, thermometers at 7:30 registering 20 degrees above zero. The snow of April 2 and 3 was predicted by Henry Lucas, Newark's unerring weather prophet, who says that we will have more chilly weather still, before we get the real spring.

#### Splendid Fire Drill Record.

At the Roseville school this week an excellent record was made in a fire drill, of which the teachers and pupils are justly proud. There are ten rooms in the school and 250 pupils. On sounding the alarm the entire 250 children made an exit from the building in just 35 seconds, without a mishap.

#### Help is Needed.

The best people in the vicinity of Jackson town are much interested in raising a fund for the relief of Mr. E. S. Redman and family. Funds left at the Advocate will be handed to the committee which will meet at the office next Tuesday. Mr. Redman was badly burned and lost his cows, horses etc. He has a wife and eight children.

#### New Library Trustees.

A meeting of the six Newark Library trustees appointed on Thursday by Mayor Atherton will probably be held next Wednesday for organization. State Librarian Galbreath will be asked to come before the board at an early date to discuss a line of action. A number of Newark societies and individuals expect to contribute cash or books to the new library and it is hoped to establish a Carnegie library in the city.

#### Buys Interest in Shop.

Charles Gibson, the well known barber, who has been connected with the Forsythe shop, on West Main street, has purchased a half interest in the D. E. Camp shop. Baths will be installed and a number of first class improvements will be made. The new firm, which will be known as Camp & Gibson, offers a season's shave ticket to the first ball player of the Newark team who knocks the first home run on the home grounds in any regular schedule game.

#### Fell in a Pit.

Sam McManus, a well known character about town, had two fits in quick succession in a saloon on South Second street this morning. The fits were brought about by the excessive use of morphine of which drug McManus is an habitual user. The police patrol was called and the unfortunate man was taken to the city prison. Chief Zergiebel hunted up Infirmary Director Harrington and an effort will be made to take McManus to that institution, where he will have good care.

#### Will Assume National Charter.

It has been given out that in about three months the Guardian Savings and Trust company of this city, will take on a national charter, and become an important factor in the safest and best banking system in the world, and will be known as the Park National Bank of Newark, Ohio. The members of the company are Mr. A. G. Wyeth, president; Mr. A. M. Lindorf, vice president, and Mr. W. W. Ward, secretary and treasurer. Under such management as is at present transacting its affairs, and considering that it soon will greatly widen its scope of operations under national guarantee and protection; it is safe to predict that the prosperity of the banking company, under its new name and charter, will never be limited, and its usefulness will long be felt by the citizens of Newark and vicinity.

#### ATTEMPTS SELF DESTRUCTION.

Battle Creek, Mich. April 3.—Fourteen year old Myrtle Hillman, piqued because her mother made her sleep downstairs to prevent her quarreling with an elder sister, went to her room and shot herself in the mouth with a revolver. She has small chance for recovery.

#### London's Water Supply.

The water supply of London is derived from the Thames and Lee rivers and from springs and wells. According to the Lancet it is adequate for the present, though the per capita consumption is only 33 or 34 gallons as against a consumption of 200 gallons in Chicago.

Mrs. R. E. Clark of North street, who has been ill for the past six weeks, was removed to the city hospital where she will undergo a delicate operation by Drs. McCullough and Essington.

### PERSONALS

Dr. Frederick Lavinore of Port Washington, O., was in Newark yesterday.

Mr. Vernon Redding of Mansfield was in Newark Thursday night on business.

Rev. F. A. Locke of Washington C. H., was visiting East Newark friends Thursday.

Misses Betty and Minnie Wood of Columbus were guests of Mrs. A. A. Stasel this week.

Mrs. J. B. Hershberger and daughter Miss Flossa are spending a few days in Columbus.

Attorney A. S. Mitchell is in Mt. Sterling, O., looking after an estate in which he is interested.

Mrs. Owen McCoy, of Mt. Vernon, is visiting her grandmother, Mrs. S. F. Uffner on Lawrence street.

Mrs. George R. Kimball of the Avon, and Mrs. G. H. Thiel of Chicago, are spending the day in Columbus.

Mrs. J. E. Lamp of Sixteenth street has as her guests Mr. and Mrs. D. W. Brown and daughter Bertha of Cincinnati.

William C. Miller has gone to Daytona, Fla., to remain a few days and accompany his family back to Newark.

Mrs. William Marshall was called to the country today on account of the serious illness of her sister, Mrs. Frank Hunter.

Miss Hazel Ross MacDonald of Fairmount, W. Va., is the guest of Miss Vera H. Embrey of North Sixteenth street.

Mrs. George W. Lawrie, wife of the manager of the Orphanum theatre, arrived in Newark last night from Elkhart, Ind., and will reside in this city in the future.

Miss Alma Newton of Onaway, Mich., who recently finished a course in the commercial college at Marietta, is the guest of Misses Bessie and Effie Lindemood, at their home, 218 North Cedar street, East Newark.

President Stevens and family of the Chesapeake and Ohio railroad, passed through the city Friday afternoon, enroute from Utica to Cincinnati. President Stevens has been visiting his mother in Utica. He and his wife recently returned from an extended trip through Mexico.

Mr. and Mrs. J. E. Doyle and daughter Miss Grace of Columbus, were called here to attend the funeral of Mr. Doyle's cousin, the late Ambrose Doyle. Mr. Doyle, who is an old Newark boy, is now the hustling manager of Strang's big store in Columbus.

Mr. and Mrs. P. Feeney of Walls, Pa., the latter the only sister of the late Ambrose Doyle, Mr. and Mrs. John Doyle and daughter Miss Grace Doyle of Columbus; Mr. and Mrs. T. J. Doyle of Chicago, O., Mr. and Mrs. Albert Hanchlutz of Canton, Mr. and Mrs. H. C. Tattersall of Kokomo, Ind., Mrs. O'Grady of Columbus, Misses Anna and Ethel Whalan of Bellaire, Mr. T. Reynolds and sister Miss Maggie, Mrs. English, and Miss Mulcahy of Zanesville, who attended the funeral of the late Ambrose Doyle, have returned to their homes.

## Governor Proctor of Vermont could

not appoint himself as United States

Senator to fill the vacancy caused by

the death of his father, but he did the

next best thing for his own pros-

pective interest in the premises. He

appointed the oldest available man in

the state, aged 83, who will merely

hold down the job for the Governor

until the next Legislature meets.

Limited family rule is more deeply

seated in Vermont than in any other

State in the Union.

## The People Have No Choice.

The attempt of President Roosevelt

to dictate his successor in office calls

for the following justified outbursts

from that well known Republican

journal, the New York Sun:

"Our government knows no blush.

Its corruption is without shame. The

Republican party, in gross and in de-

tail, reveals such a cesspool of rot-

tenness as no republic in history, tot-

tering to its fall, ever disclosed. It

does not appeal to the natural senti-

ments of a free and enlightened peo-

ple; it does not seek to command or

deserve confidence; it is simply

brutalized and depraved. It pleads

no justification, nor yet offers any

excuse. Its unconcealed intent is to

keep its place by prostituting its own

institutions, legalizing lawlessness,

and by the force of bribery and black-

mail sweeping everything before it.

"There is no arm or function of

the Federal power that is not pollut-

ed and depraved to the same relent-

less and dishonorable purpose in the

perpetuation of Self and Party.

"What, any more, have the Ameri-

can people to do with declaring a free

people's choice?"

## How to Clean a Gas Stove.

To clean a gas stove remove all

parts possible, such as bars and

shelves. Wash with hot water and

soda all greasy parts. A stiff brush is

helpful for this purpose, and if the

stove has been greatly neglected a lit-

tle household ammonia is good, says

the Chicago News. Black lead and pol-

ish in the usual manner all the black

parts of the stove. Polish the steel

parts with emery paper and the brass

parts with brick dust and a cloth. Oc-

casionally examine the holes in the

burners and note if any are choked

with grease or any liquids which may

have boiled over. This point is often

overlooked, with the result that only

a small jet of flame is obtained.

## How to Test a Bed For Dampness.

If there is any fear that a bed not

usually slept in is damp, put a bright

looking glass between the sheets and

cover it up. In a few minutes examine

it. If its surface is dimmed, there is

cause for uneasiness. If a bright look-

ing glass is not at hand, a tumbler

warmed and turned upside down will

answer the same purpose.

## One Definition of Jealousy.

"Jealousy," said Uncle Eben, "is a

mean man's substitute for ownin' up

like a gentleman dat he's licked."

## All Humors

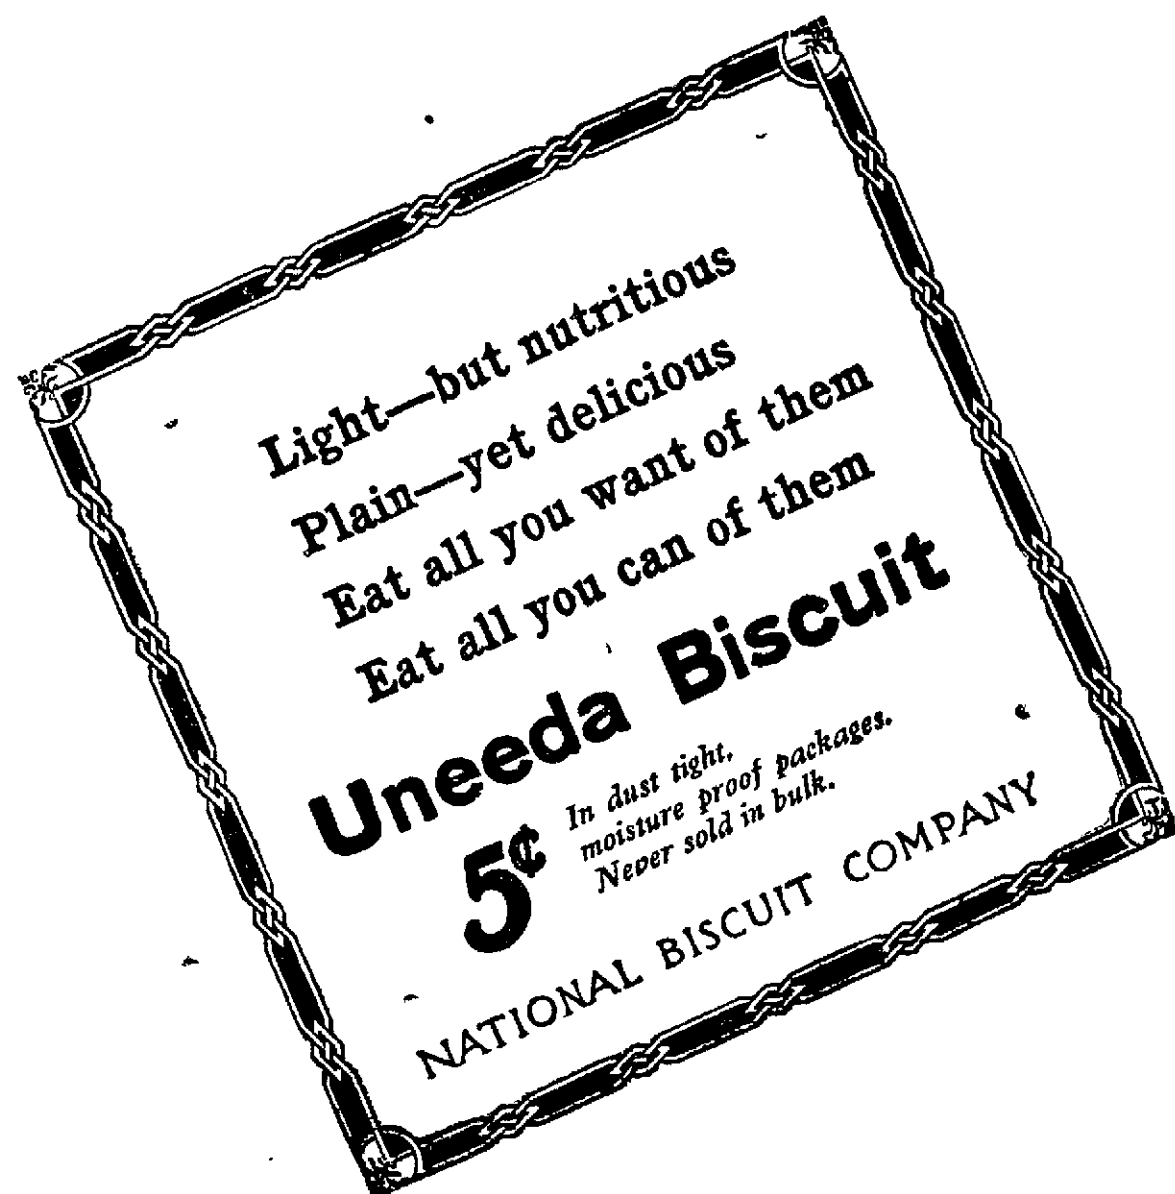

Pimples, boils, eruptions, eczema

or salt rheum, scrofula, are radi-

cally and permanently cured by

Hed's Sarsaparilla

Largest or smallest, 20 Doses One Dollar.

## SPLENDID DESCRIPTION OF FOREIGN TRAVELS

### Miss Frances Priest Writes Entertaining Letter From Cairo, Egypt, to Her Mother

#### Visits Arab Huts, Sphinx and Pyramids, One of Which Covers Thirteen Acres—Is Member of Clark Mediterranean Cruise Party.

The Advocate is permitted to print the following letter written at Cairo, Egypt, by on March 13, by Miss Frances, Priest to her mother, Mrs. S. C. Priest, of North Fifth street. Miss Priest and Mrs. Lida N. Pierson are members of the Clark Mediterranean cruise party. Miss Priest says:

When I mailed you a letter the last day we were in Jerusalem, I expected to write again the next day on board the Arabic, and mail it in Alexandria, but there was no chance. I think I can truly say for myself, and in fact, most of the party, that we were glad to get to Jerusalem, and glad to be away again. The cold hotels, miserable eating, excessive heat at noon-day and coldness morning and evening, were none too pleasant and kept me worried for fear of cold, etc., but Mrs. Pierson and I feel none the worse for the experience. However, this was the first inconvenience we have had and could not be avoided, so we ought not to complain: and then there was so much of interest. I forgot to mention in my last letter our ride from Jerusalem to Jericho.

We did that while we were fresh, the first couple of days—started one afternoon at about three and arrived about seven that evening. The road we followed was the old way from Jerusalem to Jericho, so it contained many points of interest, as for instance the "Inn of the Good Samaritan," which is now used as a half way house, and a place to rest the horses while sightseers spend their money inside. Inside they sell drinks and all kinds of curios, or rather junk (to be put in the attic when one gets home). I didn't indulge, as I thought our attic full enough.

But to return. The ride to Jericho was beautiful and the road wound up one stony bare hill and down another, as I described in my last letter. Considering the way they run the poor horses in these lands it is a wonder they don't drop. It certainly wouldn't be allowed in the United States. We arrived in Jericho to find it a little cluster of houses in a valley among the hills, with the Dead Sea in sight, and apparently very near, although miles away. After dinner in the quaint but comfortable hotel we were taken to see the huts of the Arabs, and such a sight as it was. They were all enclosed within a mud wall, and built very closely together. The floor was the natural earth, and the walls of bamboo. Each hut had but one room in which lived about 30 men, women and children, altogether in as dirty a condition as you can possibly imagine. I only went inside one, as I was afraid of fleas, and in that one all the women were gathered around a little pan of hot coals

lages in which the huts were made of mud altogether, and also several modern looking cities. We were here at Cairo before we knew it.

There are four famous hotels in Cairo, each characterized in this way—the Savoy for society, Shepherd's for notoriety, Continental for variety and—for propriety. Mrs. Pierson and I judged that they looked over our clothes and sent us there—we appreciate the joke in that, for most of the Arabic people have beautiful evening clothes, and diamonds. All these hotels are grand, but we were disappointed in not being at Shepherd's as most of our friends were put there, and the other hotels are a little more central. This is the most fashionable, so we have a chance to sit in the corner and watch the society people from France, Germany, England and Italy go by. The nobility of Europe stay here while in Cairo, and at present there is a duke and duchess. The Clark tourists have a separate dining room, but we see these people in the adjoining rooms after meals, where they serve Turkish coffee. I never have seen such superb gowns as these women wear, all made empire with exceedingly low necks, but the women themselves are far from pretty. The men are no better. All through the hotel one sees men and women sitting around tables, drinking tea or wine, and smoking cigarettes.

We have a lovely big room here, on the second floor, all furnished in white, two single beds, a couch, center table, reading table between beds, wardrobe, dressing table, washstand, chiffonier, tree, etc. It is almost too spacious to be comfortable. Mrs. Pierson left yesterday for a side trip up the Nile, and will be gone three days. In the meantime I am going around with a party of four from Alabama, who sit at our table here—a married woman, a man twice a widower, his sister, and a boy about my age. All the Nile trips are side trips, lasting from three to eight days, and costing from \$60 to \$100. Of course, I didn't feel that I could afford one, and then I don't believe I could stand them, as they are very hard. Instead, I am going to spend the 12 days here in Cairo, see the sights leisurely and rest up before starting across the continent. Mrs. Pierson hesitated about leaving me, but I insisted that I would get along all right, so she signed up quite a while ago. At the last minute she didn't want to go at all, but after she had paid out the money, disliked to lose it. Almost everyone wanted to back out.

Cairo in the main is a beautiful city with immensely wide shady streets, beautiful hotels, shops, etc., all of stone, decidedly foreign, and still modern. In other parts are little, dirty, narrow streets of bazaars and buildings much like those of Constantinople which I described in a former letter. There are about 570,000 people here, of whom 35,000 are Europeans. In the streets we see Arabs, Mohammedans, Turks, Germans, French, English, Italian and representatives from all the world, each in his native costume, and speaking his own language. Nearly every bill, sign, etc., is printed in several languages, side by side, even those on wagons, cab numbers, etc. It is a military city with English soldiers, Arab lancers, Soudanese infantry, Egyptian cavalry, all in variety of uniform. It is undoubtedly the most varied and fascinating city on the globe, and furnishes an opportunity for seeing Oriental life while living in modern hotels.

The streets are full of beautiful horses, and beside them pass hundreds of camels, just in from the deserts or carrying immense burden of green grasses, which smell so sweet and fresh.

Yesterday, March 12, we were driven around the city to places of interest, principally the citadel, mosque of

Sultan Hassan, the tombs of the Caliphs, and the Island of Shoda. According to tradition this last named place is where Moses was found among the bullrushes. Today we visited the Pyramids and the Sphinx, and such a wonderful day that I shall never forget. Mrs. Pierson not being here the Alabama youth and I drove in the same carriage, and it was a beautiful drive, out a number of miles to the edge of the desert and on a great wide road bordered with immense, queer trees. There are 16 pyramids, three of which are much larger than the rest. Cheops, the largest, covers 13 acres, measuring 451 feet high and 750 along one side. The second is 447 feet high and its side 690 feet long. The third is 204 feet high. There are subterranean chambers in all of them, but we didn't think them worth the price of admission. None of the people in our party attempted to climb any of them as Clark advised us not to, saying that we would probably be disabled for a week afterward. I sat on a stone in the distance and watched about half a dozen English women making the climb, so formed an idea how fatiguing it must be. The women mostly wore trousers, and each had three native helpers, two pulling and one pushing. I was surprised to see some elderly white haired woman coming down, but then all along the cruise I have noticed that it is the older women who do the most vigorous sightseeing.

The Sphinx is right close to the pyramids, and it scarcely seemed possible that I was looking at it. As all pictures show, the body is covered by the drifting sand, but the head and shoulders stand up like a mountain. It is estimated to be 6000 years old, and is hewn out of a single rock—a wonderful monument of time.

Walking around the pyramids and Sphinx is rather hard, owing to the sand, but natives are everywhere with camels and donkeys, which one can ride for a quarter. The boy I was with rented a couple of camels, and off we started, but I certainly felt as if I were riding up on top of a mountain. It wasn't so bad as long as the animals walked, but the owners, who walked along driving them by the tails, soon set them going at a lively pace, and I expected to be jogged to death. I think they were anxious to get the ride over as soon as possible so they could get some one else on, and so make more money. We all wanted the experience of riding a camel in Cairo, but once is enough.

If you were all here to enjoy Cairo with me it would be ideal, for it certainly is a delightful and interesting city. While every minute is enjoyable, and an education, you needn't worry about me ever crossing the water again—in fact, Mrs. Pierson and I are planning to see the points we hope to visit in Europe in as short a time as we can do them well. Mrs. Pierson has been so nice in every way, which has made it much more pleasant.

You should see the parade just passing—our street fairs aren't in it. Tell

## WHY We Are Successful In Selling Moderate Priced Clothes

### "The Greatest \$15 Store"

There are some clothing 'emporiums' where a \$15 suit is spoken of in hushed whispers—they have them, of course, but do not feel privileged to trot them out into the light of publicity. They are there for the people who call for them.

We are glad to be known as a store that takes pride in its \$15 suits. This is an average and fair price for the wage-earner to pay. With us it provides a suit that we can guarantee in every respect, and one that any man may be glad to wear. It is perfect in every point of style, fit and workmanship. As we see it, these are the three great points necessary in correct clothing—

### Correct Styles, Dependable Quality and Irreproachable Workmanship

We have a very large assortment at \$15, which pays us a fair but not large profit. We specialize \$15 suits because they are the product of the SINCERITY tailors, an ample assurance of quality. We sell them at a narrow margin of profit because they make friends for us.

If you think that \$15 is enough to pay for a good suit you will find a degree of satisfaction in our offerings at this price.

## The Great Western

# Manufacturers Sale of Cadet Hosiery by the Box \$1.50 Worth of Stockings for \$1.00

This is news of widespread interest by reason of the savings that are placed within your reach through the buying of this famous hosiery in six pair boxes.

Twice a year at the end of the manufacturing season the maker of this hosiery disposes of the surplus stock by a special concession to the larger dealers making possible the extraordinary reduction. You're therefore offered an opportunity to provide for your hosiery wants of the next six months at a highly advantageous price.

Womens, Misses and Children's Hosiery is included. All of the dependable cadet quality at  
**\$1.00 Per Box of Six Pairs.**

## NOBLE WOMAN CALLED HOME

MRS. MARY ELLEN SIMKINS DIES  
AFTER A SHORT ILLNESS  
THIS MORNING.

Was the Mother of Supt. J. D. Simkins—Death of Centenarian of This City.

Mrs. Mary Ellen Simkins, wife of Benoni Simkins of Evans street, this city, and mother of J. D. Simkins of Central avenue, passed away at 2:25 p. m. Thursday, April 2, at her home on Evans street, at the age of 76 years, two months and four days, having been born on the 29th day of January, 1832. She was the daughter of Joshua and Sarah Marriott and was united in marriage with Benoni Simkins December 21, 1853. Three children were born of the union: J. D., now superintendent of schools of Newark; Luna May, deceased in infancy, and J. Loring, who died in Kansas about 17 years ago, and whose widow, Callie B. Simkins, and daughter, now reside in Utica. She is also survived by her husband, H. Dana and D. Carleton, sons of J. D. Simkins, and Pauline B., of Newark, and Lorie, daughter of J. L. Simkins, deceased, and Callie B. Simkins of Utica, O., a erthe surviving grandchildren.

Most of their 54 years of married life was passed on their farm between Fallsburg and Martinsburg, Licking county, O.

Mrs. Simkins was a woman beloved by all who knew her, an untiring worker, sympathetic, always ready to assist, cheerful, enjoyed music and the beautiful in art and nature, had a keen sense of humor, sang and worked up to the time she became unconscious, never gave up, was a friend indeed. She was a consistent Christian, and will be sadly missed by relatives and all who knew her.

Mrs. Simkins was sick but six days and died of the grip and a complication of other troubles. On Wednesday afternoon she arose from her sick bed, murmured a song which seemed to be "Rock of Ages," returned to her couch and soon became unconscious. She passed away quietly—without struggle or pain—in the presence of husband, son and friends.

Rev. Mr. Holliday of Thurston, who baptized her in the Baptist faith at Fallsburg, O., several years ago, will preach the funeral sermon at the residence on Evans street at 2:30 p. m. Saturday, April 3. Interment will be made in Cedar Hill cemetery.

Itching piles provoke prurancy, but profusely won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

## CLUB ROOM

Organized by Young Men of Johnstown—Returns From Florida himself. He also brought home a live

Johnstown, April 3.—A number of the young men of the village have organized a club and rented rooms over J. T. Moran's grocery. They expect to install a library and gymnasium. Officers have been elected as follows: President, Paul Butt, secretary, Van Green; treasurer, Howard Edgerly.

At the meeting of Center Lodge, F. & A. M. to be held this evening, the M. M. degree will be conferred on two candidates.

Orr Butt, who for some time has occupied a position with the Independent, has gone to Newark where he has accepted a position with the Putnam Printing company.

On next Wednesday afternoon the Ladies Aid society of the Presbyterian church will meet at the home of Mrs. Mary Simpson and an invitation is extended to all interested to attend.

Hayes Mitchell, who lives near Croton, recently purchased of Silas Hayes a pair of fine match draft colts. They are beauties.

J. J. Frost has returned home after a three months visit in Florida and along the Gulf coast. He brought many specimens of southern curiosities, many of which he picked up himself. He also brought home a live alligator, supposed to be about one and a half years old.

M. D. Sharder has purchased the lot cornering on Main and Coshocton streets, of E. E. McNamee. This is the

## Appetite for Crabs

THE codfish has an enormous appetite for shell-fish, crabs and lobsters. He eats them alive and he eats them raw. He eats them all without indigestion and grows fat. He has a powerful liver.

The oil from the cod's liver makes

only lot now in the burned district, and is the lot on which Baker Bros., grocers, formerly stood. It is Mr. Sharder's intention to put up a two story brick building during the summer and will use it for his line of buggies, harness and general warehouse sales room.

## COLORED

Men and Woman in Riot Are Arrested and Landed in the City Prison.

A riot of colored people that took place at the corner of Fourth and Walnut streets Wednesday night, was the means of landing William Stewart, George Robinson and Mamie Craig, all colored, behind the bars of the city prison. Officer Donley arrested them and a charge of fighting was placed against them. Mrs. Craig escaped from the officer who was handcuffed with the two men, but later she was also taken in. Now she will have to face an additional charge. Their case will be tried before Mayor Atherton this afternoon at 2 o'clock.

| Outfield, pitchers will alternate.             |  |

## TWENTY-TWO MEN HAVE LIGHT WORK AT WEHRLE PARK

Twenty-two men were out for practice Thursday afternoon, and in spite of the chilling weather the boys got a good workout. The work was light and consisted of batting and throwing the ball, for Manager Berryhill was afraid to have them "let out" on account of the cold.

About two dozen fans stood shivering in the grand stand on a long side line, and the general opinion was that Manager Bob has a good looking bunch of recruits, and that a fast team should be picked from the lot. The diamond only needed the roller to put it in good shape, but that did not prevent the men from playing the different sacks during the two hours' work.

There was a great combination as far as the uniforms were concerned, and most any old kind was to be seen. The players that didn't bring their own were accommodated from the supply of old ones, while some of the old men used their last season's outfits to play in. Gygil dug up a blouse, a cap and a coat, but the trousers were missing. However, that didn't worry "Gig" who simply rolled his own up around the bottom and dug in. He worked hard and showed up in good shape. Walter Smith, the Massillon catcher, worked out in good style, and made a big impression on the fans that saw him. He shows by his actions that he has been behind the bat, and his arm gives every indication of being a good one.

Dowling tried out at short and picked the horsehide up in good style. His throwing was good, although he didn't attempt to "lay it over" with any speed. He is a candidate for short, and will give a hard run to any competitors.

Doc Abbott jogged out to left field and made several sensational catches that brought even the shivering fans to their feet. He made a great run and caught a high fly off his shoe-strings with his left hand. Work like that made the new men gasp with wonder, but they were informed that such plays as that were of common occurrence last year.

"Rats" copped off a few stunts at first and then chased over to his old third station, where he dug up the ground for a space of several

feet. He batted out several nice hits and gives every promise of being in better shape than last year.

Snyder, "Pop" Smith and Winters all worked out easy and showed that a few days would put them in form for a hard season's work.

Cheney, a candidate for first base, worked hard at the initial sack, and looked good to Berryhill and to every one that saw him. He has a great whip and lops the ball across the diamond in great style.

Fred Koehl, a youngster from Sycamore, who gives promise of being a comer in the shoots department, tossed a few over for the men to practice on. Koehl has speed and pitches easy. He is also fast on his feet, so a few warm days may see him develop into a member of the staff.

While Moore, the big twirler, batted them out to the infield, Roth, a candidate for the infield work at second and Beeman, the Currie brothers, Daugherty, Pennymaker and Williams took turns in the outfield. The remainder of the squad took turns in giving the fielders exercise.

Courtot tossed them over for this division of the batters and worked nicely. He has a clean action and gives a hint of speed though he didn't use any yesterday. Moore has a delivery exactly like Eddie Asher and of sort of made Berryhill homesick to watch him.

### NOTES.

Courtot fouled the first ball of the season into the canal. It either floated away, or some boy "went south" with it.

Jack Lake was very busy during the afternoon, sitting in the warm club room, and making a net to rescue the balls from the waters of the canal when they fell overboard.

The new reserved seats are being placed in position in the grand stand. Beeman soaked one on the nose yesterday and lifted it over the score board in left field.

Six feet more of wire will be stretched over the grand stand. This will prevent many a ball from going into the canal.

Just about ten minutes after practice stopped it commenced to snow.

The men like their quarters at the Idlewild Hotel and are feeding like starving men.

## SUNDAY

First Game Will be Played at Wehrle Park—The Line-Up of the Two Teams.

Just one day more, and the fans, if the weather is good, will have a chance to flock to Wehrle park in droves to see the Vets and the Colts engage in the first clash of the season. Not only will it be the first game, and naturally interesting at that, but it will give the fans an opportunity to see the entire squad in action.

The old favorites will be watched just as eagerly as will the recruits, and with any kind of weather at all the game ought to be a good one. The usual admission will be charged and the proceeds will go towards defraying the expenses of the men during the trying out season. The teams will line up as follows:

Vets—Catchers, Winters, Walter Smith; pitchers, Locke, Moore, Koehl, Pennymaker; first base, Gygil; second base, Murray; third base, Written; shortstop, Dowling; left field, Snyder; right field, Abbott; center field, the catchers will alternate.

Colts—Catchers, Williams; Currie; pitchers, Ellison, Courtot, Currie, Daugherty; first base, Cheney; second base, Roth; third base, M. J. Smith; shortstop, Kelly; the pitchers will alternate in the outfield.

## ANDY KELLY ARRIVES

Andy Kelly has arrived. Andy is a pitcher that can throw and bend the horsehide all around the average batsman, and Berryhill is mighty glad to get his name on a contract. He and Bob are friends of long standing and will make a valuable addition to the Wehrle Park squad. In Sunday's game he will play short for the Colts.

## COMES TOMORROW

"Uncle Joe" Locke, the only veteran of the Molders' pitching staff, will reach Newark tomorrow and will join the squad at once. Joe is in fine fettle and dead anxious to get into the game this year. In Sunday's game he will line up in the twirling department for the Vets.

## COLORED

League Plans Well Under Way—Officers Elected and Towns Are Selected.

Distinctive in that it will have four holidays will be the schedule of the Colored Ohio league, the organization of which was completed at Dayton, when J. H. Settles of Columbus, was elected president.

Starting on May 14, the season will continue until September 22. Double-header holiday bills will be arranged as in a white league, for Memorial day, Fourth of July and Labor day. The fourth one will be set for September 22, Emancipation day, one

that is important in the yearly-calendar of the colored men.

In addition to choosing Mr. Settles as president, the league founders made Wallace Collins of Lima, vice president, Albert Hubbard of Dayton secretary, and L. C. Williams of Springfield, treasurer.

Columbus, Springfield, Dayton and Lima have qualified for membership in the league, that is to be one of six clubs. There is a possibility that Zanesville and Hamilton will go in, but it is hoped to swing Cleveland and Cincinnati into line.

At Springfield on April 26, the last Sunday of this month the schedule meeting will be held. League officials say that there will be talent in abundance for good clubs and that they mean to keep expenses down so that the existence of the organization will not be in danger from the very start.

## STANTON

Formerly Coach at Denison Will This Season Coach University School.

The University School of Cleveland has had the good fortune to secure the services of Frank Stanton to look after the baseball candidates for the coming season. Arrangements were made last night between Stanton and Physical Director Rush.

Stanton has quite a successful season with the Reserve ball tossers last year, and with his years of experience in other colleges he should be able to develop a winning team at University. Nearly all the men he has to work with this season have had a number of years' experience on the varsity or on the various class teams.

Mr. Stanton was coach at Denison three years ago and was well liked by the college men.

## PLAYERS ENJOY SHOW

The Newark players were guests of the Crescent Stock company at the Auditorium last night, and the players went on masse to see the thrilling melodrama, "The Black Hand." Of course they enjoyed the best seats and the jokes from the stage and had a very pleasant evening. Tonight the boys will be the guests of the Orpheum theater.

Found—The best \$2.00, \$1.50, \$1.00, 75c. and 50c. at Hermann's, the clothier.

## BOOSTERS'

Clubs Being Organized in the Different Towns of the Circuit—Parades Planned.

All over the circuit they are organizing what are known as boosters' clubs. It is the purpose of these clubs to go to the games in a body, and by organized rooting encourage their team. Lima and Marion have one already listed, while in Springfield the papers are fighting hard to line the fans up for a club and a big parade on opening days.

These booster days and opening days are great things and help mightily to instill enthusiasm in the fans. Where it has been tried it has usually been a success, and maybe a plan like this in Newark would be a help. Not that the rooters of Newark need much to entice them, for last year they were generally credited with being about the best boosters that could be found in any town, however organized rooting might be a big help.

In Springfield buttons will be worn by the members of the club and while they will do most of the noise making yet anyone can join that wants in and no charge is made for the membership.

## BOWLING

CITY LEAGUE STANDING.

Tonight the fast Crooksville team will play the Yellow Kids on the Nile-Slick Hall alleys. The game will be called promptly at 7 o'clock to allow the visitors to catch an early train.

Spring style Manhattan shirts at Hermann's, the clothier.

You can get the genuine Red Cedar posts and pickets at the P. Smith Sons Lumber Co., 65 South Second street.

## Your Head Aches

Whenever there is an excited, irritable condition of the brain nerves. It is the outcry of a tired brain. Relief will come quickly by taking Dr. Miles' Anti-Pain Pills, as they soothe the nerves, and when this is accomplished the pain subsides. This is the natural, sensible way. No harm can come from their use if taken as directed, as they do not derange the stomach or leave any bad after effects. Take promptly at the beginning of an attack and save suffering.

It gives me pleasure to tell what the Dr. Miles' Anti-Pain Pills have done for me. I was troubled for years with headache, but am glad to say that after using the Pills I now feel that I can endure much, and all that I suffer from headache, all use them. I am, ELIZA W. WESTER, 1352 Duane St., Worcester, Mass.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will bring relief. If it fails, he will return the money. If it cures, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

RESTAURANT MAN LEAVES THIS VILLAGE AND WHEREABOUTS IS UNKNOWN.

Township Roads to be Improved—  
Vacant Houses at a Premium—  
G. A. R. Meeting.

Granville, April 3.—Russell Crooks, who for some time past has been conducting the restaurant adjoining Brickles' pool room, like the Arab, folded his tent and quietly left the village several days ago. It is said that his whereabouts is unknown. Mr. Brickles now has charge of the restaurant, and will conduct it in an up-to-date manner.

For several days this week the township trustees have been engaged in inspecting the several roads in the township, with a view of improving them.

A joint reunion of Districts Nos. 7 and 8 of Beta Theta Pi will be held at the Hartman Hotel, Columbus, on April 10 and 11. Dr. F. W. Sheppardson, of Chicago, general secretary, and W. C. Sprague of Detroit, are both down for toasts. Alpha Eta will attend in a body.

Gus Clark has sold his property on North Granger street to Col. E. J. Case and will move to Newark.

Mr. and Mrs. Marion Henderson of Urbana, after a short visit with relatives and friends in Granville and vicinity, have returned home.

There is not a vacant house in Granville and many more could be filled if they were to be had. The real estate agents have inquiries every day for houses.

Mr. Charles Mertens, who for so many years conducted the restaurant in the little stone house on Broadway, has moved into the old Clemens property on Broadway, owned by O. C. Jones.

Mrs. Fred Larimore of Port Washington, has been visiting at the home of John Larimore and family on East College street during the past few days.

Dr. A. Ramey, the new Episcopal rector of St. Luke's church here, has moved into the Delle Isle property on North Main street.

The members of the Granville G. A. R. will hold an open meeting this evening to make arrangements for Decoration Day. All soldiers and friends are cordially invited to attend.

John Raine and family have moved to Academy, W. Va. The best wishes of their many friends here will follow them.

John Kelvey has purchased property in Newark and will take up his residence in that enterprising city next week. John likes to be in with the push.

John and Clarence Perry and Miss Edith Perry of Delaware, O., have been visiting at the home of Mr. L. W. Perry on Broadway for some days.

Mrs. Eva Langley and children of Toledo, who have been visiting here for some days, have returned home.

Thomas Hillman, a prominent farmer of Wood county, was in the village Thursday for a short time on business.

**BRIGHT FACED WOMEN AND STURDY MEN**

Here and there and now and then, right-faced women and sturdy men, find there's need of something good, to finish floors and save the wood. Something that requires no skill, something household needs to fill; a stain that one can use one's self, for table, chair, or door, or shelf. And after all it's very plain, there's nothing like our Spartan Stain. Spartan Stain is the handiest thing to use at housecleaning time. Ask your dealer all about it. Manufactured by The Marietta Paint & Color Co., Marietta, Ohio. Sold by the Newark Paint Co., 31 West Church street, Newark, O.

**CLUB MEETING.**

The Thursday Afternoon Harmonious club was delightfully entertained on the club day of this week by Mrs. Clark Cochran, at her home, five miles west of the city. The members took the Columbus car to Taylor's bridge where they were met by Mr. Cochran and conveyed to their pleasant home. After a delicious three course dinner was served progressive pedro was indulged in during the afternoon. At the conclusion of the game the prizes were awarded Mrs. Cochran and Mrs. Jones. Mrs. Yontz presided at the punch bowl during the afternoon.

The guests of the club were: Mrs. P. P. Cornisford, Mrs. C. S. Yontz, Miss Lillian Cochran; substitute, Mrs. Claggett. The next meeting will be held with Mrs. Anna Palmer, 189 Buckingham street, April 16.

**INFORMATION**

About a Reliable Medicine.

We want the people of Newark to know that we believe the most valuable cod liver preparation—the best tonic reconstructor, health restorer and strength creator known to medicine today is Vinol.

Vinol is not a patent medicine as everything it contains is named on the label of every bottle. We guarantee Vinol contains beside tonic from all of the medicinal, curative and body building elements of cod liver oil actually taken from fresh cods' livers, but without a drop of the useless oil to clog the system, upset the stomach and retard its work. This why Vinol is so far superior to old-fashioned cod liver oil and emulsions.

Vinol is guaranteed by over five thousand leading druggists of the United States to create, health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness, and for hacking coughs, chronic colds, bronchitis and throat and lung troubles. Try Vinol on our guarantee. Frank D. Hall, druggist, Newark, Ohio.

Dogs Attack and Bite Attorney Phil Smythe and Officer Charles Swank.

Attorney Phil B. Smythe was bitten in 20 places on his hand Thursday night by a dog that he attempted to rescue from another. The attorney was at his home, 147 West Church street, and a pet dog owned by him was attacked by another dog that was in the street. In attempting to separate the fighting animals his hand was bitten in 20 different places. He went to a physician and had his wounds cauterized.

Another canine that was causing trouble in front of the Kirby store, West Park Place, Tuesday afternoon sank its teeth into Officer Charles Swank's hand when he attempted to drive the dog from the doorway. He secured a rope and took the dog back of the Adams Express office where he shot it. He went to a drug store and had the four wounds cauterized.

Chief Zergiebel is using every effort to secure a dog catcher and from now on the city ordinance that all dogs caught running the streets without muzzles will be shot, will be rigidly enforced. A great many dog owners think that the mere buying of a dog tag will protect their pets, but if some night their dog turns up missing they can rest assured that it was not muzzled and has gone to the happy hunting ground of all good little doggies.

If you haven't the time to exercise regularly, Doan's Regulets will prevent constipation. They induce a mild, easy, healthful action of the bowels without gripping. Ask your druggist for them.
